

General Meeting - 19 September 1963

Lakehead Amateur Radio Club

Meeting called to order at 8:10 pm.

The minutes from the previous meeting were read and adopted as read.

The place for the local picnic is going to be at the Lands and Forest picnic site at Shabandowan. A motion by Dave Kimpton - VE3AVS and seconded by Don Brown - VE3EDJ to set aside \$35.00 for the picnic was adopted by the members.

A letter was received from Bruce Robinson - VE9EO asking us to have the members vote on the subject of a licence for persons who were only interested in and not in Morse code or regular hamming. Also they wanted to operate on UHF - a vote was taken and 18 members voted in favour none against and one abstaining. *(Re the vote on VE9... license, Les Harris - VE3AYZ went on record as abstaining.)*

Les Harris - VE3AYZ then talked about EMO and there not being a Local Coordinator. Les thanked the fellows who were active in the local Search and Rescue and those who were helpful at Cloud Lake: Dave Kimpton - VE3AVS, Bert Lambert - VE3BKY, Bert Tamblin - VE3ANP, Bev Biggs - VE3ECA, Ed Babudro - VE3ECU, Jim Symonik VE3EDA, Don Brown - VE3EDJ, Hans R. Dornbusch - VE3EEN; and Roy Lindenhoff - VE3EEG.

Bev Biggs - VE3ECA was nominated for the position of (EMO) Coordinator by J. C. (Jim) Bailey - VE3DGZ, seconded by Dave Kimpton - VE3AVS, and Bev was elected by acclamation.

Don Hudson - VE3DZJ thanked the Club members for the help received in setting up the station and display at the Murillo Fair. Don did a very fine job setting up the booth, with Don Brown - VE3EDJ, Bev Biggs - VE3ECA; and Jack Read - VE3ECG on the job also.

After the business end of the meeting concluded at 9:00 o'clock, we had a speaker from the Bell Telephone Co., Mr. Forrester, who talked and gave a demonstration on communications. And, if we are getting direct world wide telephone dialling, we can do our DXing via telephone.

23 Present.
